## NOTICE TO THE PUBLIC.

This is the season of the year for typhoid fever. An ounce of prevention may save you pounds of trouble. Then, boil all water used for drinking purposes. This is what you should do. See to it and have no regrets.

A. H. KELLER,  
City Health Officer.

## NEW MANAGER.

Mr. Wallace Howe has taken charge of the new hotel at Jackson, a fact the traveling public will rejoice to hear. Mr. Howe will also manage the Torrent Hotel, which he has made so popular for the past several years.

## LEXINGTON BANKS TO GET BANK FUNDS.

When the Treasury Department makes official announcement of the amount of Government money for the movement of crops that is to be deposited in the banks of the South and West it will be found that Kentucky has secured about \$1,500,000, of which \$1,250,000 will be sent to Louisville and \$250,000 to Lexington. This information was secured on high authority Wednesday and next week it is expected the department will give out a list of banks in Kentucky which are to receive the money and the amount to be deposited in each.

During the recent conference of bankers Louisville's committee asked for \$2,500,000. About half of the \$2,000,000 asked for is to be allotted. It is understood that Louisville's deposit will compare favorably with that of other cities of larger size and in an equally strategic position in respect to crop movement.

The money will be sent to the Louisville, Lexington and other banks of the South and West as soon as they have deposited their security. It is probable the names of the banks selected as depositories will not be made public until the money is on its way to them. A committee, one member of which will be a citizen—usually a State banker—representing the Government, will pass on the collateral offered as security for the Government deposits by the banks in each city.

## NO TOMATOES WITH WHICH TO CONDUCT DEMONSTRATION.

The girls' canning clubs in Kentucky this year resemble the play without Hamlet, as far as competition under the Federal scheme is concerned, and the drought is to blame. The Federal Department of Agriculture has cast the tomato for the principal role in its demonstration work in household economics, and tomatoes are about the scarcest things in the State this year.

Mrs. Hellen Wolcott, of Shelbyville, who is in charge of the canning club's organization, gave two demonstrations last week, one at Henderson and the other at Hopkinsville. At Henderson the tomatoes had to be bought on the market. Bullitt county is another with a girls' canning club, but no tomatoes, and other counties are little better supplied.

Notwithstanding the lack of material for competing for the Federal prizes, Mrs. Wolcott reported that she has found widespread interest in the demonstration work. Girls' canning clubs have been organized in Jefferson, Mason, Bullitt, Henderson, Christian, Madison and Warren counties.

## FERTILIZER EXPENSIVE LUXURY IN KENTUCKY.

Commercial fertilizer is an expensive luxury for the farmers of this State who spent in the neighborhood of \$1,500,000 during the year 1912 for fertilizers. According to statistics furnished Commissioner of Agriculture Numan by Prof. H. H. Kastle, Dean of the Experiment Station at Lexington, the amount of fertilizer used in the State during the last five years has increased fifty per cent. In 1908 35,000 tons were used; in 1909, 43,000 tons; in 1910, 57,000 tons; in 1911, 63,000 tons and in 1912, 65,000 tons. Fertilizer sells for \$20.50 a ton, with 50 cents a ton added for freight.

## MATRIMONIAL NOTES

## WILLIAMS.

—Mr. John Thomas Williams, aged 71 years, died at his home on Marshall street, Tuesday morning at 10 o'clock, after only a few days' illness of cholera morbus. Mr. Williams is survived by his wife and three children, Mrs. M. M. Culberson and William Williams, of this city, and Mr. Joseph Williams, Chief of Police of Millersburg. The funeral will take place this afternoon, the cortege leaving the home at 3 o'clock. Services will be held at the grave in the Paris cemetery by Rev. J. T. Sharrard.

## FOREST NOTES.

A Russian scientist claims to have discovered an inoculation for use against forest insects.

There are nearly six thousand professional foresters in Germany who are associated with various technical societies.

The University of Washington has secured the use of two sections of land on the Snoqualmie National forest in connection with its forestry courses.

A tool used to fight fires on the California forests combines a rake, spade and hoe. It is compact, so that it can be carried on horseback, and weighs less than 5½ pounds.

In an increase in timber sales this year and in a decrease in receipts from timber trespass as compared with last year, national forest officers see a growing use of the forest and respect for the federal forest policy.

## HARRY THAW MAKES ESCAPE FROM MATTEAWAN ASYLUM.

By dashing through the gate as the milkman entered the Matteawan Asylum for the Criminal Insane at Matteawan, N. Y., Harry K. Thaw, slayer of Stanford Allen, early Sunday morning escaped. By an alleged pre-arranged plot a high-power automobile and a limousine, in which were five men, were waiting in the road outside the asylum and whisked Thaw away toward the Connecticut State line. Nothing has been seen of him since. He is supposed to have boarded a waiting yacht and sailed for Europe. In New York Mrs. Evelyn Nesbit Thaw, since the escape of her husband, is guarded by the police.

## LITTLE THINGS COUNT.

Sometimes a very little thing leads to very big results. As the story goes, a few years ago one of the Express companies charged Senator Sunders, of Minnesota, \$32 for carrying a casting for a threshing machine worth only \$2.50. The Senator looked upon it as unwarranted extortion, which he ought not to submit to quietly. He started a fight against the company and kept it up. The result has been that the Interstate Commerce Commission has made a general order for the reduction of express charges which, it is estimated, will take from the profits of the various companies \$26,000,000 a year.

Chicago school teachers demand wage increase aggregating \$1,000,000 a year.

## STOCK AND FARM NOTES

—Matlack & Shropshire's unbeatable string of saddle and harness horses, are at Paris this week, taking in the Bourbon fair, where they expect to secure a big slice of the premiums. Hampton Bros., will not bring their jack stock.

—As high as \$15 has been offered for the growing crop of tobacco in several of the counties of the Blue Grass, but the growers are looking for a better price, as the crop will be short. The crop in Bourbon will see the knife within the next few days. In some sections cutting will begin the latter part of this week.

—Mt. Sterling seems to be on the hustle to revive the old time fair and racing. One of the best fairs in the State took place in July and now a move is on foot to hold fall trotting and pacing meeting, some time in September. A party of enthusiastic horsemen are behind the move and of course all adjoining counties will lend any aid possible in order to make it a success.

## MARSHALL WILL APPOINT DEMOCRATS AT OPPORTUNITY.

With the laying off for the summer, while the distilleries are closed, of nearly all of the gaugers, storekeepers and storekeeper-gaugers in this internal revenue district, the Democrats who want to get into these places now occupied by Republicans, have taken on new hope. As a result sixty-eight applicants took the civil service examinations Saturday and Monday at Lexington in an effort to get on the eligible list.

When a gauger or storekeeper is laid off during the summer the collector of the district has the right to either reassign them in the fall, when the distilleries reopen, or to employ other persons from the eligible list to the places. Collector of Internal Revenue Ben Marshall frankly says he intends to appoint a Democrat every time he gets a chance, and therefore there is a rush of the Democrats to get in the eligible list.

C. K. THOMAS,  
City Collector.

## THE SLIT SKIRT BARRED.

Several hundred young women stenographers and clerks employed by a large manufacturing concern at New Haven, Conn., received polite notes in their envelopes this week, with the warning that the slit skirts, the hobble and diaphanous skirt are not to be tolerated. Each girl is asked to appear for work in business-like and modest clothes.

Wood pulp imports into the United States have grown from 112,500,000 pounds in 1901 to 1,080,000,000 pounds last year, while British imports increased from 995,000,000 pounds to 2,973,000,000 pounds.

## BURGLARS RAID CARLISLE STOE; BLOODHOUNDS CALLED.

Following a series of burglaries that have occurred in the neighboring town of Carlisle, the hardware store of James Archdeacon & Son was entered Sunday night. The thieves made off with a large quantity of cartridges, electric flash lights and knives. An effort was made to open the big safe in the store, but failing in this they took their departure.

Capt. V. K. Millikin, of Lexington, was called to that city with his bloodhounds and made the trip through this city early Sunday morning in his automobile. Capt. Millikin returned late in the afternoon after an unsuccessful attempt to trail the burglar. The hound, however, took the trail near the store, following it for some distance where buggy tracks were found which told how the burglars escaped.

Burglaries have been very numerous in Carlisle in the past several weeks and in spite of the efforts of the police to apprehend the guilty parties they have so far evaded detection. From all reports it would seem that the work list hat of amateurs.

## STATE SUES TO RECOVER LARGE SUM.

The Farmers' Bank, a State Treasury Depository under the administration of State Auditor S. W. Hager, was sued at Frankfort yesterday by the State of Kentucky to collect \$31,000 paid out to Assistant Auditor Judge Charles E. Boone, who was convicted of the offense and served a term in the penitentiary.

As a State depository the Farmers' Bank gave to the State a personal bond, amounting to several hundred thousands of dollars. Judge Boone, while Assistant Auditor, forged the names of many persons to checks at this bank, making a total of \$31,000 which, it is alleged in the petition, was not accounted for to the State.

The law in this State provides that a bank is liable for the payment of money on forged checks.
